

Important Updates on your Container Placement

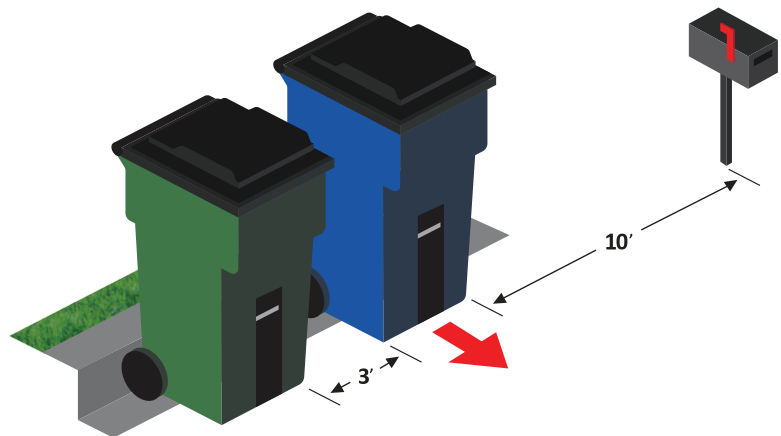

As a resident of the Town of North Topsail Beach, you're now being serviced by state-of-the-art collection Automatic Side Loading vehicles! As a result, these particular trucks require some necessary changes to how your container should be placed at the curb.

On your scheduled collection day, please place the appropriate cart (**green** for garbage/**blue** for recycling) on your property's curbside by **3 AM**. Please refer to the information below for a more detailed and visual explanation.

How to Best Place your Roll Out Carts

Proper container placement is essential to our collection vehicles. Please remember we don't want to damage your property, so be sure to keep your container **AT LEAST 10 feet away from:**

- Mail Boxes
- Vehicles
- Street Lights
- Electrical Posts

The cart lid opening **must** be facing into the street with the handles and wheels facing your home! See below for the best placement of your cart:

All items for collection (garbage or recycling) **must be inside the cart for pick up** with this change to Town provided roll out carts. Break down large items and place them in the roll out cart for pick up. **If you have more garbage or recycling than your cart will hold**, please contact the Town and request another cart so your extra material can be picked up. Only roll out carts provided by the Town are to be used with this change to roll out garbage and recycling service carts.
